### **ITEMS :**

**Refrigerator**

**Electric Geysers**

**Electric Fans**

**Blenders**

**etc.**

# **CERTIFICATE OF COMPLETION**

**This is to certify that Muhammad Hamza, Muhammad Haseeb and  
Muhammad Usman have successfully completed their ACCP Prime2.0  
Semester I E-Project.**

**Submitted to: Aptech Computer Education  
On  
12 August, 2024**

# **ACKNOWLEDGEMENT**

**First and foremost, we would like to thank Almighty Allah for giving us the strength and ability to complete this project.**

**We would like to express our special gratitude to our instructor, Miss Omema, for her invaluable guidance and support throughout the development of the Harvel Electric Website project. Her insights and encouragement have been instrumental in helping us achieve our goals and expand our knowledge in web development.**

**We are also deeply grateful to our parents and friends for their continuous support and encouragement, which motivated us to complete this project within the limited time frame. Finally, we extend our sincere appreciation to the I-Project team from Aptech Head Office for their valuable guidance and support. We earnestly hope that this project will provide all the necessary information required by the user to fulfill their needs. Any suggestions and feedback for improvement will be thankfully welcomed and acknowledged**

## PROJECT SYNOPSIS

Harvel Electric is a certified company engaged in manufacturing and exporting electrical products globally since 1972. The company has maintained a strong market presence and goodwill worldwide. To enhance its value further, Harvel Electric seeks to redesign its website to provide a more modern, user-friendly, and comprehensive online experience for its customers. The new website will feature detailed information about the various products, including Fans, Geysers, CFLs, and more, organized into specific categories for easy navigation.

The website will also include downloadable documents for detailed product features and price lists, ensuring customers have access to all necessary information. The project aims to leverage the latest web technologies to create an engaging and efficient online platform, reflecting the company's commitment to innovation and customer satisfaction.

# PROBLEMS STATEMENT

The primary challenge faced by Harvel Electric is the need for a modern, visually appealing, and user-friendly single-page website to effectively showcase their products and services. The current website does not align with the company's brand image and fails to provide an engaging user experience.

# FUNCTIONAL REQUIREMENTS

## Project Requirements for Harvel Electric

### 1. Home Page:

Create the Home Page with proper sections, graphics, and a suitable logo.

Include links to Home, About Us, Products, Contact Information, and Gallery.

### 2. Products Section:

- Provide detailed product information for each category offered by Harvel Electric. - Include high-quality images, descriptions, and specifications for products like Refrigerator, Electric Geysers, Blenders, Fans, and Lighting Solutions.

### 3. Mobile Responsiveness:

Ensure the website is fully responsive and optimized for viewing on desktops, tablets, and smartphones.

Adapt the layout seamlessly to different screen sizes and resolutions.

### 4. Contact Information:

Include a dedicated Contact Us section with the company's address, phone number, email, and a contact form.

Allow users to send inquiries directly from the website through the contact form.

### 5. Gallery and About Us:

- Incorporate a gallery section to showcase images of products and installations. - Provide an About Us section with a brief history, mission, values, and key achievements of Harvel Electric. Highlight the company's commitment to quality and customer satisfaction.

# HARDWARE AND SOFTWARE REQUIREMENT

## Hardware:

- Processor: Minimum Pentium 166 MHz or higher
- Memory: At least 64 MB of RAM

## Software:

- Text Editors/HTML Editors: Notepad, HTML Editor, CoffeeCup
- Front-End Frameworks: Angular, AngularJS, React, Bootstrap
- Design Tools: Dreamweaver, Figma
- Web Browsers: Microsoft Internet Explorer, Google Chrome, Mozilla Firefox, Netscape, Microsoft Edge

# WEBSITE FEATURES

The Harvel Electric Store is a comprehensive online platform offering a wide range of electrical products. This website allows customers to explore and purchase a variety of electrical items including wiring solutions, circuit breakers, switches, outlets, electrical accessories, and much more with just a single click.

The site features detailed images and descriptions of each product, along with their prices, downloadable Price-List, ensuring a seamless and informative shopping experience.
